DENVER MINISTER AND GIRL SOUGHT IN LOS ANGELES

Wired advices from Denver last night stated that a warrant
had been issued in that city for the arrest here of Rev. Egidio
de Luca, a Methodist minister, and Miss Mary Colantonio, a young
woman assistant in his church work, on Mann Act charges, after
they had been located by Federal agents in Los Angeles.

Earlier telegrams stated that the
U. S. Attorney at Denver had re-
ceived word from Special Agent
Stephen Connell, head of the Los
Angeles Bureau of Investigation,
that he (Connell) had Mr. De Luca
in his custody at Venice. No such
prisoner could be located at Ven-
ice or Santa Monica last night.
U. S. Attorney O'Connor said that
no warrant had been asked here for
the arrest, and no such prisoners
were being sought. Mr. De Luca
was supposed to be in the Los An-
geles area. Miss Colantonio is sup-
posed to be in the Los Angeles
area. Mr. Connell could not be
reached last night. The Denver
warrant was issued to Roy O. Sum-
ption, chief agent for the Department
of Justice in that city, and called
for the arrest of the two persons.
Mr. Connell to hold De Luca pending
a removal order.

Mr. De Luca is a graduate of the Mc-
Cormick Theological Seminary in Chi-
cago and was later a pastor at the
Chicago Heights Church. He was
pastor there, his wife alleged in
court charges, he was forced to re-
turn to Chicago. A circular, how-
ever, telling of the work being done in
the Los Angeles area, was received
last night. De Luca left Chicago for
Denver for reasons of the health of his
wife. Several months later, his wife
made serious charges against him
and he was forced to leave her. He
and his wife are now in Los Angeles
for separate maintenance.

SAYS HIS EARTHQUAKE PROPHECY CAME TRUE.

PORTA DECLARES HE'S AWAIT-
ING VERIFICATION OF
OTHER PROPHECIES.

San Francisco, Jan. 7.—The
prediction of Albert P. Porta of this
city that certain sections of the Pa-
cific Coast and other places would
be rocked by earthquakes and
seismic disturbances due to the
"leakage of the planets" last month,
have been fully verified by the re-
cent violent shocks in ten Mex-
ico States and in the Canary Islands,
the opinion of the San Francisco
mathematician.

Prof. Porta became famous last
month as the man who had pre-
dicted the end of the world on De-
cember 17.

While he was generally reputed to
have made such a prediction, he
showed very conclusively that he had
done nothing of the kind, but that
certain predictions of earthquakes
and other disturbances
which he declared would follow as a
result of the sun being in the
sign of the sun had been en-
larged upon and distorted by pop-
ular imagination.

BULLETIN.

CAMBRIDGE (Mass.) Jan. 7.—
Another star has been discovered
by the Harvard College Observa-
tory. It was announced tonight
that Miss Joanna C. S. Mackie of
the observatory staff, in the course
of her examination of photographs
of the Milky Way, taken recently
at Cambridge, had detected the
newcomer. Its position is right
ascension 15h. 42m. 35s.; declina-
tion plus 29 deg. 43m. (1900).

The spectrum of the new star is
characteristic of a nova in its
early stages. Between December
4 and 6 it increased rapidly in
brightness from the sixteenth
magnitude or fainter to a mag-
nitude of about 8.5. Since that
time it has undergone marked
fluctuations and its present mag-
nitude is only about 8.5. It is far
too faint to be seen with the naked
eye. The discovery is the thirty-
fifth of its kind in the history of
astronomy and the nineteenth to
be discovered at the Harvard Col-
lege Observatory. In the 400 years
preceding 1885 only nine new
stars were detected. The last dis-
covery between 1885 and 1900 was
the discovery of twenty-five have
been located, eighteen of them by
the Harvard staff.

RAIL BILLS GETTING ON

Conferees Agree on
Revolving Fund.

Senate and House Represent-
atives for \$300,000,000 as
Credit Aggregate.

Washington, Jan. 7.—Senate
and House conferees, working to-
day on the Enoch and the Commu-
nity bill, agreed on \$300,000,000
as the amount of a revolving
fund from which the roads would
be permitted to borrow to tide them
over the period immediately
following their return to private op-
eration.

The Cummins bill, passed by the
Senate, sets the amount at \$500,000,000, and the Enoch measure,
passed by the House, made it \$250,000,000.

At two sessions today the con-
ferees covered much ground and
now are about ready to take up the
real big questions, over which a
sharp fight is expected. These are:
The guaranteed return to the roads,
rate making and the labor section,
with its anti-strike provision.

SOCIALISTS DENIED SEATS IN NEW YORK'S ASSEMBLY.

Resolution Questioning Whether Five
Members Could be Loyal to Oath
Adopted; Expulsion Cheered.

ALBANY, Jan. 7.—Five Socialist members of the Assembly
of the New York State Legislature were denied their seats at the
lower branch's opening meeting of the 1920 session today. A res-
olution questioning whether they could be loyal to their oaths of
office, when bound to act subject to instructions of the Socialist
party, was passed quickly, 140 to 6, after Speaker Sweet, with dra-
matic suddenness, ordered the sergeant-at-arms to bring the So-
cialist members before the bar of the House. The Socialists now
must prove their fitness for their seats before a tribunal selected
by the Assembly.

The session was dragging and the clerk was calling for routine res-
olutions when Speaker Sweet interrupted him. The Socialists, August
Chasens and Louis Waldman of New York county, Samuel A. Dewitt and
Samuel Orr of Bronx county and Charles Solomon of Kings county, were
ushered before the Speaker's desk in the pit of the House.

"You are seeking seats in the body—you who have been elected on a
platform that is inimical to the best interests of the State of New York
and of the United States," the Speaker said.

"That platform is the doctrine of the Socialist party. It is not truly
a political party, but a membership organization admitting within its
ranks aliens, enemy aliens and minors."

Quoting the section of the Socialist party constitution requiring all
members to be guided in all their po-
litical actions by the constitution
and platform of the party, the
speaker continued:

"It is interesting to note that
Ludwig C. A. K. Haines, self-
styled soviet Ambassador, became
a member of the Socialist party up-
on the very day that the assembly
took part in this country and
took part in the revolution. It is
therefore, quite evident that you,
in spite of your oath of office, are
bound to act subject to instructions
received from a soviet Ambassador,
which may be made up in whole
or part of alien dictation, and
holding allegiance to a government
whose interests may be diametrical-
ly opposed to the best interests of
the United States."

As the speaker finished, Majority
Leader Simon J. Alder offered a
resolution declaring that the
seats of the Socialist members
were forfeited.

DEMOCRATS DEFEND.
Two Bronx Democrats, William S.
Evans and J. Fairfax McLoughlin,
voted in the negative, as did four
Socialists.

The preamble of the resolution
sets forth that the August con-
vention of the Socialist party in Chi-
cago declared adherence and
solidarity with the revolutionary
party of soviet Russia, and pledged
its members to furtherance of the
international Socialist revolution
that by such adherence and declara-
tion the Socialist party has in-
curred the principles of the inter-
national at Moscow, which is
pledged to the forcible and violent
overthrow of the present govern-
ments, and that under the
constitution of the Socialist party of
America, a member may be expelled
or suspended from his party "for
failing or refusing, when elected to
public office, to carry out such
instructions as may be received
from the party organization."

CHEERS GREET ACTION.
Solomon attempted to speak af-
ter the vote was announced, but
Speaker Sweet ruled that he had no
right to speak unless he and
his fellow-Socialists left the incu-
sured, the sergeant-at-arms would
be asked to escort them from the
chamber. None of the five move
d. Sergeant-at-arms Haines ap-
proached Chasens and after a
moment's delay, he escorted them
from the chamber.

"We believe in the accepted meth-
ods of the Socialist party—agitation,
education and organization on the
political and industrial fields, and
the organizations of the workers
especially for the expression of so-
cialist dissatisfaction through their
unions and the ballot box. It is not
at all improbable that the action
of the Socialist party is a part of
a movement of organized capital,
of which the Democratic and
Republican parties are the po-
litical champions, to discourage
people with the methods afforded
by the representative government
to provoke them to resort to the
methods of violence. We shall do
our utmost to expose this con-
spiracy and defeat its purpose."

INCORPORATE TO FIGHT REPS.
The American Institute for the
Suppression of Behaviors, with of-
fices in New York, was incorporated
today. Their purpose, the in-
corporators said, is to counteract
the growing propaganda of the
Socialist party, and to prevent in-
dustrial and social Americanism.
The incorporators are William
Franklin Dyer, Secretary of the
Life of the League committee
that has been investigating radical
activities for several months was
extended until April 1 by the Leg-
islature today.

LOSE SHIPS, GET MEDALS.
Daniel's Own Navy List Includes Men
Whose Craft Were Hit by Mines.

WASHINGTON, Jan. 7.—Coincident with appointment today by Chair-
man Page of the Senate Naval Committee of a subcommittee to investigate
the naval decoration controversy, Secretary Daniels transmitted to Sen-
ator Page a complete list of all officers and enlisted men considered by the
navy's board of awards for service decorations as recommended by com-
manding officers.

The list comprised more than 35000
names and the charts accompanying
it tell a graphic story of the fate
of each recommendation as it passed
through the hands of the board and
finally was acted on by the Sec-
retary.

Chairman Page selected as mem-
bers of the investigating subcom-
mittee Senators Hale, Mahan, Mc-
Cormack, Illinois, and Newberry, Mich-
igan, Republicans, and Swanson,
Virginia, and Trammell, Florida,
Democrats. No date for beginning
the hearings has been fixed, it was
said.

The documents sent to the Senate
by Secretary Daniels showed the list
of 144 persons finally approved by
Secretary Daniels. The list in-
cluded a reduction of nearly \$50 from
the total recommended by the
board. Practically all recommendations
for that honor disapproved by the
Secretary were for officers who
performed shore duty, the report
showed.

Persons designated by the Sec-
retary, but not by the board, to receive
the Distinguished Service Medal
totaled twenty-seven, these includ-
ing commanding officers of naval craft
attacked by submarines or that came
in contact with mines.

Secretary Daniels brought the
total number designated for this
honor up to 145, against approx-
imately 1100 recommended by the
board.

The report revealed that three of-
ficers recommended directly by the
Secretary for "suitable recognition"
of service awards were awarded the
Distinguished Service Medal by the
board and later designated to re-
ceive the Navy Cross by Mr. Daniels.

Rev. Henry W. Eklund Dend.
NEW YORK, Jan. 7.—The death
of the Rev. Henry W. Eklund, 71
years old, was announced today.
He was a Swedish Methodist minister
and author of more than 200
of his hymns, was announced today.
He died of apoplexy yesterday.

LATEST NEWS.

Police Find Tire Cache

SACRAMENTO, Jan. 7.—The
Sacramento police tonight ar-
rested W. A. Gray, an automobile
tire dealer of this city, in whose
place they found a great pile of
new tires which they said had
been stolen in Chico, Marysville,
Red Bluff and other Northern
California towns. William Smith,
alias Clark, of Chico, and Ray
Blaxhall of Chico also were ar-
rested. Gray confessed, the police
said, that the other two prisoners
stole the tires and he marketed
them through his store here. The
officers say these men are mem-
bers of the gang which has been
responsible for the theft of tires
valued at thousands of dollars.
The tires seized tonight were val-
ued at about \$1500.

Burglars Grab Baby's Coin

Burglars who broke into the
house of Harry Epstein, 245 East
Forty-sixth street, last night, stole
\$3 from the Epstein baby's bank.
In addition they got \$175 worth
of jewelry belonging to Mr. Ep-
stein. The family was away at the
time. Thirteen burglars obtained
the loot, and twelve bottles of
beer when they entered the resi-
dence of L. F. Miller, 3023 Ray-
mond avenue, via back door. They
also got about \$195 worth
of clothes. The Millers were
asleep.

Atlantic Fleet Assembles

NORFOLK (Va.) Jan. 7.—The
Atlantic Fleet is assembled to-
night off the Virginia Capes ready
to start tomorrow for the south-
ern drill grounds at Guantanamo,
Cuba, for the annual winter ma-
neuvers and target practice.

New Jersey's Wet Fight

JERSEY CITY (N. J.) Jan. 7.
Final plans for the introduc-
tion of a bill at the coming ses-
sion of the New Jersey Legisla-
ture authorizing the sale and man-
ufacture of beer and wine were
made today at a conference between Gov-
ernor Edwards and a number of
Democratic State leaders. After
the conference it was announced
that a bill had been decided upon
authorizing beer and wine con-
taining up to 5 per cent. alcohol.

Wets Launch Drive

ANNAPOLIS (Md.) Jan. 7.—
Wet forces started their drive
against prohibition at the opening
session of the Maryland Legisla-
ture today, when the resolutions were
offered by Representative J. D.
Iverson. The resolutions ask for
a recall of Maryland's vote two
years ago in favor of a ratification
of the amendment and a referen-
dum at the election in November
next on the ratification of the
amendment.

IF POSLAM CAN HELP YOUR SKIN —DO LET IT

It Poslam holds any comfort, any satisfaction for you in being the means to relieve and eradicate eczema or any stubborn skin trouble, let it bring you these benefits at once. They will seem ever so welcome if you have suffered long. There is no risk. Poslam cannot harm; its work is known to be highly successful. Besides, days of itching, brings quick improvement. A little does much because it is highly concentrated. Clear red, inflamed complexion overnight.

Sold everywhere. For free sample write to Emergency Laboratories, 121 West 11th St., New York City.

Urges your skin to become clearer, brighter, healthier by use of Poslam. Soap, medicated with Poslam.—Advertisement.

UNDERWOOD IS OUT WITH FACTS Says He Has Gained 15 Pounds Taking Tanlac.

At Age 71 Feels Younger
Now, He Says.

Seeing His Improvement,
Friends Take It.

"I had rheumatism, so bad that for six months before I commenced taking Tanlac I could not bend my arms," said William Underwood, a well-known carpenter living at 433 Cottage Home St., Los Angeles, in telling of his remarkable recovery since taking this medicine.

"About a year ago I had an awful attack of rheumatism that nearly laid me up," continued Mr. Underwood. "My arms and shoulders hurt me so bad that I could not get my arms up at all, and for months and months I could not get my coat on unless somebody helped me. The pains were constant and even in my thumbs they were something terrible. I couldn't sleep well a single night and I was going down hill rapidly. My appetite practically left me and I began to lose in weight. I was very discouraged, as nothing I took did me any good and I was getting weaker all the time."

"As I had heard a lot about Tanlac, I decided to try one more medicine. Well, sir, I received the surprise of my life when I began to get better and now since I have taken three bottles, all my troubles have completely disappeared. I took Tanlac mainly for rheumatism, but it has not only overcome that, but it has given me back my appetite and added fifteen pounds to my weight besides. I am sleeping soundly at night and it has been many a year since I was in such good health generally. This is several months ago that I took Tanlac and I felt so fine that I took a trip back to my old home in Alto Pass, Ill., and stayed there three months, and he has I left all my old friends were waiting Tanlac on my recommendation. Ever since I came back home I have been working at my trade as carpenter and have not missed a single day. I am seventy-one years old, but my health is so fine I can do as good a day's work as any of them on the job."

Tanlac is sold in Los Angeles, Pasadena and San Diego by The Owl Drug Co.—Advertisement.

MINERS STAND BY COAL PACT.

Indorse Strike Terms Made
by Their Leaders.

Officers to Appear Before
Arbitration Board.

Radical Minority Fail to Block
Full Acceptance.

(By A. P. HUNT WIRE.)
COLUMBUS (O.) Jan. 7.—International officers of the United Mine Workers will go before the commission appointed by President Wilson to arbitrate final settlement of the controversy between miners and operators, with the backing of the rank and file of the miners' organization, as a result of action today of the reconvened convention of the miners.

Voting 1638 to 311, the convention adopted the motion of Philip Murray, president of the Pennsylvania Miners, to indorse the action of the international officers in calling off the strike and agreeing to accept the President's proposal, which provides for a 14 per cent. advance in wages and agreement to submit all questions in dispute to the commission.

The convention adjourned sine die, and Acting President Lewis and Secretary Green will meet with the international executive board of the miners tomorrow before going to Washington, where they are to appear Monday before the commission. The hearing in Washington is called to allow the miners of the central competitive field to present their case. John P. White, a member of the commission, was present at the convention when the vote was taken.

LEADERS PLEASED.
Union chiefs were happy tonight over what is regarded as complete vindication of their action. The vote came after three days of debate and a stormy windup, in which a small but noisy minority tried to bring the convention to a halt by postponing acceptance of the President's proposal until the commission had made its award.

Opponents of the proposed settlement, failing to block acceptance of the settlement made by the officers, filed charges against Acting President Lewis and Secretary Green, demanding their removal from office and suspension as members of the union for ten years for alleged violation of the instructions of the Cleveland convention and for "cowardice."

The charges were signed by Joe Lenz and Thomas F. O'Connor, Peoria (Ill.) delegates. President Lewis turned the gavel over to J. C. Lewis, president of the Iowa Miners, when the charges were brought.

Secretary Green hesitated about reading them because he was involved. The convention then voted to require Lenz and O'Connor to be charged to read them. Lenz refused, saying he was not responsible for the charges, but was instructed by his local union to present them. Green then read the charges and the charges were read by an unanimous vote, repudiated them by striking them from the record.

Opponents of settlement called for a speech from Frank Farrington, president of the Illinois Miners. Alexander Howat, of the Kansas Miners, Farrington tried to obtain recognition from Secretary Green, who occupied the chair, after the convention had voted to close debate. Green ruled him out of order. Howat did not attempt to speak.

In explaining why he had decided to accept the President's proposal, Lewis said he "had no desire to see the United States government in a contest."

"I shall never lead any organization but an American organization," Lewis declared, "and if the day ever comes when this organization is dominated by people who are false to American traditions, that day I will leave it to be an office in it."

Lewis pointed out that throughout the forty days' strike not a life was lost and said he was grateful "because no widows' lamentations or wails of orphans assailed our ears."

He said the organization had "emerged unscathed," whereas continuation of the strike and revolt against the government would have meant "disaster and defeat."

Lewis promised delegates to continue the fight for their demands for higher pay and shorter hours and adjustment of local working conditions before the President's commission.

NO GREAT ACT OF HEROISM REQUIRED.
If some great act of heroism was necessary to protect a child from group, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effective.—Advertisement.

It Seems Almost
Human!—

The Starr PLAYER PIANO

—It possesses the faculty or quality or human-like hand playing to a degree not possessed by any other make of player piano.

—you will notice, the moment you play it, how much more of the human touch the Starr Player piano has and how free it is from all of the mechanical limitation which characterizes the ordinary player.

It fits into every mood of every person—young and old.

Ask the children and they will tell you that the very nicest time of all the day is when daddy, home from work, sits down to the Starr for his evening hour of restful music.

—It is the original playerpiano—the first instrument to be known by that name—and not only the first in name, but the first in point of quality—as attested by the winning of highest awards at every international exposition where exhibited.

Give you an enjoyable demonstration and quote you prices and terms.

FINALLY TAKE DRAFT DODGER.

One of Two Sons of Philadelphia Brewer Caught.

His Mother Threatens Officers with Revolver.

Motors About West and Mexico for Two Years.

(BY A. P. NIGHT WIRE.)

PHILADELPHIA, Jan. 7.—Grover Bergdoll, one of the two brothers accused of draft dodging and who have been sought by the police for the last two years, was arrested in his mother's home here today.

Detectives broke into the house by the front and rear entrances. While one of the men wrested a revolver from Mrs. Bergdoll, the other went through the house and found Grover wrapped in a blanket, hiding in a box seat.

ERCAPIES IN AUTOMOBILE. Grover escaped two years ago in a high-powered motor car and reports reached this city that he was seen in various sections of the West. He sent impudent messages, written on postcards, to the authorities. Once he was seen in Mexico and again in Cuba. He was provided with a large sum of money. His mother, Mrs. Emma Bergdoll, is the widow of a wealthy brewer.

Although born in this country, the Bergdolls were of German descent and declared they would never fight against Germany.

Mrs. Bergdoll threatened death several times on the charge of obstructing the draft. Later, she was arrested, charged with obstructing justice. With a revolver, it was alleged, she had kept the officers at bay for several hours.

MRS. BERGDOLL ARRESTED. Mrs. Bergdoll threatened death several times on the charge of obstructing the draft. Later, she was arrested, charged with obstructing justice. With a revolver, it was alleged, she had kept the officers at bay for several hours.

Mrs. Bergdoll threatened death several times on the charge of obstructing the draft. Later, she was arrested, charged with obstructing justice. With a revolver, it was alleged, she had kept the officers at bay for several hours.

was charged by the police with flying too low over the city. When he was drafted Grover was alleged by Federal agents to have declared he never would fight against Germany, though he was born in this country. In 1914 he offered his services as an aviator to Germany through the local German Consul.

'BROWD THREATENING. Young Bergdoll was taken to the Federal Building and locked up, and then turned over to Capt. Cottrell of the military intelligence bureau and taken to New York. A guard of soldiers accompanied him.

"I am glad it is all over," said Bergdoll, calm in the face of a crowd which threatened him with violence after his arrest.

He had been in California and returned home Christmas Eve, according to his mother.

Erwin C. Bergdoll, also wanted for evading the draft, is still at large. It was reported he had also returned to Philadelphia, and Federal agents searched the Bergdoll country estate near this city. No trace of him was found.

AT GOVERNOR'S ISLAND. NEW YORK, Jan. 7.—Grover Bergdoll, who was arrested in Philadelphia today, charged with evading the draft law, was taken late today to Governor's Island, where his case will come before an army court-martial.

"I'm glad I was captured," Bergdoll declared. "I have traveled all over the country since 1917. After shipping my machine back home I went out to the Pacific Coast, spending considerable time in San Francisco, San Diego and Los Angeles. I bought a new car and went to Omaha and motored all over the West. Then I came East."

ONCE ARRESTED. Bergdoll said that once during the two years' hunt for him he was arrested at Peoria, Ill., for speeding in his automobile and gave his right name to the police, but was released on payment of a \$50 fine.

He also declared that he had been prejudiced against Germany since 1917, he asserted, and had failed to answer his draft call promptly, whereupon a friend told him that he was charged with desertion.

Bergdoll said he "got scared and beat it," but later tried to effect a compromise with the District Attorney's office by mail and failed.

PROTESTANT BODIES IN CO-ORDINATION MEETING.

PRIMARY OBJECT TO POOL INTERESTS WITH VIEW TO CUTTING EXPENSES.

(BY A. P. NIGHT WIRE.) ATLANTIC CITY, Jan. 7.—Nineteen Protestant denominations are represented at the opening session today of the co-ordination conference of the Interchurch World Movement.

There were 1000 delegates present when Dr. John E. Mott, general secretary of the Y.M.C.A., rapped for order. Among those in attendance are eleven bishops of the Methodist Episcopal Church. Representing the Presbyterians are many heads of church boards and field workers in the New Era movement.

The primary object of the great conference is the co-ordination of the expenditures of the Protestant denominations with a view to avoiding waste and the overlapping of effort.

The opening session was devoted to some extent to presentation of foreign surveys, designed to show the needs of Asia and other foreign fields.

Rev. F. W. Bible of New York forecast a homogeneous Chinese empire stretching from Siberia to the Pacific Coast and including Malaysia. His report to the conference was on the progress of evangelization in the Orient.

Dr. Bible presented the budget for the foreign field. He laid particular emphasis on China, "because," he said, "America had a peculiar responsibility there."

In making its survey the interchurch movement had received the co-operation of the Chinese government, which had put at the disposal of the movement the results of the census of all China, which it had been conducting for the past year.

Of this enormous homogeneous mass, which is destined in a short time to become in every respect a modern, progressive people, only \$12,000 were communicant members of Protestant churches.

OFFICIALS WARN WINE PRODUCERS. DISTRIBUTION UNDER OPTION MAY BE SUBJECT TO PENALTIES.

(BY A. P. NIGHT WIRE.) WASHINGTON, Jan. 7.—Internal revenue officials, in a statement tonight, declared that wine producers distributing wine under option contracts said to be in use in California, would be subjected to the penalties of the law. The bureau's regulations, which, while holding that the option contracts do not violate the law, specifically provided delivery of wine, had been incorrectly interpreted by J. S. Wardell, internal revenue collector for Northern California, officials said.

If delivery were permitted, it would mean simply evasion of the law through a subterfuge, officials declared, and this will not be tolerated. Dealers were given permission to remove bonded wine by the regulations, which were drafted to meet questions raised with the bureau by Mr. Wardell.

"Commissioners' proper at no time has approved distribution of wine under option contracts used in California," officials said.

LORD MILNER AND GRAND MUFTI HAVE UNSATISFACTORY SESSION.

(BY CABLE AND ASSOCIATED PRESS.) CAIRO, Saturday, Jan. 8.—A conversation between Viscount Milner, special British commissioner, and the Grand Mufti of Egypt, the religious chief of the Mohammedans in Egypt, is reported in the newspaper El Mieri. In it the Grand Mufti attributed the present troubled conditions to the country's disappointed expectations regarding its independence.

Lord Milner contended that a protectorate was necessary to Egypt's interests and that a discussion could settle nine of the ten disputed points. The Mufti replied that no Egyptian would enter into a discussion except on the basis of independence. Lord Milner maintained that some Egyptians were willing to discuss the subjects, but fear deterred them.

The Grand Mufti replied: "Every country has its traitors. But any patriot would refuse to enter into such a discussion."

When he was drafted Grover was alleged by Federal agents to have declared he never would fight against Germany, though he was born in this country. In 1914 he offered his services as an aviator to Germany through the local German Consul.

'BROWD THREATENING. Young Bergdoll was taken to the Federal Building and locked up, and then turned over to Capt. Cottrell of the military intelligence bureau and taken to New York. A guard of soldiers accompanied him.

The People and Their Troubles

DOROTHY DIX TALKS

Telling One's Troubles.

BY DOROTHY DIX.

Two women were arguing the other day about whether one should tell one's troubles to one's friends or not.

Said one woman: "The suffer-and-be-gentle theory is perhaps the strongest and best for us to take, but it's dangerous. It's as dangerous as penning a flood of black water behind a stone wall until the very pressure of the accumulated water breaks down the dam and sweeps everything before it and leaves ruin and devastation in its wake."

"That's what happens to women who keep their sorrows to themselves and who go silently brooding over their troubles until, at last, they are engulfed in their own misery and break down under it. We need flood gates physically and spiritually, and the woman who has a friend to whom she can tell her woes finds in this confidence an outlet that saves her from going to pieces."

"Understand, I am not contending that it is either dignified or decent for a woman to go around holding up everyone she meets while she tells them the story of her life or to confiding her secret griefs to the general public. I am merely asserting that there is no other such comfort in times of trial and tribulation as to have a true and loyal woman friend to whom you can unburden your heart."

"There's no use in saying that it does no good to tell even such a friend of your troubles, that she has no magic wand by which she can conjure your lost fortune back to you, or turn a cold and neglectful husband into a tender lover again, or make wayward sons and daughters turn back from the broad road to the straight and narrow path."

"It's true that your friend can feed you on the bread of sympathy for which you are starving. Her tears of pity are antiseptics and wash the poison from them. Just the knowledge that you do not suffer alone, that another shares your grief, somehow takes from its bitterness."

"We are self-sufficient in our happiness, but when we are in trouble we must have something warm and human to cling to, and we reach out for a hand in the dark. We cannot go over the top alone. Even Christ cried out in the garden of Gethsemane when, in the darkest moment, he felt himself deserted."

"More than this, just talk of itself is palliative to women. It's the thing that you cannot discuss that you've got locked up in the dark closet of your soul, that gets to be a haunting horror that you are afraid of. Open the door and draw it out into the light and air, exhibit it to another's eyes and let it over with her, and you take the curse off of it. Your Frankenstein doesn't eat."

all of us are amply supplied with personal sorrows. "I don't dispute that it's a consolation to the whiner to howl, but I do contend that a tearful is the most demoralizing debauch on which a woman can possibly go. For the trouble is that when a woman begins to shed tears she also sheds all reserve, and tells the things that she never meant to tell, and that she should be murdered for telling."

"That's why recounting your troubles to your friends is a fascinating but a dangerous experiment."

So said these two women. What do you think?

QUESTIONS ANSWERED

Question: Who is the successor to William C. Redfield, who recently resigned as Secretary of Commerce, and what are Mr. Redfield's business plans?

A. Answer: Edwin F. Swenson, Rapid, Mich., former Assistant Secretary of the Department of Commerce, is the acting Secretary. President Wilson has not yet filled the vacancy. Mr. Redfield left Washington on November 1, and returned to his home in Brooklyn, where he is the owner of a manufacturing plant. He has not yet made his future plans, although he is understood to have had an important offer to engage in a large exporting enterprise.

Q: When did horses first appear on the North American Continent?

A: The first horses were brought to North America by the Spanish conquerors of the Southwest. Both Cortes and De Soto brought horses with them, and De Soto is known to have abandoned some of his horses in what is now Texas. These and other strays were the progenitors of the wild mustangs which were so abundant on the western plains a century later and which furnished the American Indians with mounts for the first time.

Q: Can a Catholic married man, whose wife died, study for the priesthood?

A: A high Catholic authority says that he can. However, this is not encouraged, and he must consult his pastor before taking such a step.

Q: What is the circulation of the Congressional Record, and how many copies is each Congressman allowed?

A: T. D. The daily circulation of the Congressional Record is about 32,000. Each Representative is allowed fifty-nine copies, while a Senator has eighty-seven to his credit. Q: What is Scotland Yard, and where is it located?

A: Scotland Yard is the headquarters of the London police force and is known as the investigation department. It is located in London, Eng.

Q: Who was the first woman to receive a pension from the United States government?

A: Margaret Cochran, an Irish woman, whose husband fought in the Revolutionary War, was the first woman to be pensioned by this government. Q: Is it correct to say, "I do not like your kind of people?"

A: It is not correct. Kind, as used in the sentence, is a collective

GASOLINE ALLEY—THINGS AREN'T THE SAME ANY MORE.

noun and takes a singular adjective, as a modifier. It should be, "I do not like that kind of people."

A: There are many great needs on the part of the individual to save money. The probabilities are strong that there will be an acute coal shortage before the winter is over. Already much time has been lost from normal production. Every citizen should, therefore, be economical in his use of coal. The Washington Information Bureau of this paper will send any reader a convenient booklet on how to save coal upon receipt of a 3-cent stamp for return postage.

Q: What is the value of Thomas Jefferson's library, which was sold to the Library of Congress?

A: D. R. This library was sold for the sum of \$23,400. It is estimated to have won many times that amount at the present time.

Q: How did the days of the week get their names?

A: Names of the days of the week were taken from old British mythology. Sunday and Monday were devoted to the worship of the sun and moon; Tuesday to Tuscus, the god of heat and cold; Wednesday to Woden, the father of all; Thursday to Thor, god of war; Friday to Frigg, the wife of Woden; and the mother of all created things; Saturday to the worship of the planet Saturn, which was supposed to control the destinies of man.

[Any reader can get the answer to any question by writing The Los Angeles Times Information Bureau, Frederic J. Haack, director, Washington, D. C. This office supplies statistics to information. The bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on subjects which would get out of them otherwise.]—[London Answers.]

LETTERS TO "THE TIMES"

Tree Vandals.

VAN NUTS, Jan. 5.—[To the Editor of The Times:] Yesterday as we were riding along the beautiful Sherman Way boulevard, we were shocked and indignant upon discovering that many of the fine roadside evergreen trees (cedars and divar) had been mutilated—the tops cut off and carried away, presumably for Christmas trees. With the short distance of about three miles, we counted eight trees thus damaged beyond hope of ever growing again. The trees along the boulevard are the pride of the San Fernando Valley people, and one of the beautiful spots free to the public. Why can't the public enjoy their beauty without spoiling them by such mutilation?

May we not hope that all such trespassers may receive a just punishment?

MRS. A. V. KELSEY.

Suggests Rent Board.

LOS ANGELES, Jan. 6.—[To the Editor of The Times:] In view of the establishment of a local fair price board, it might be well to go a step farther and consider the establishment of a rent profiteering board. In Dallas, Tex., such a board has been put into operation by city ordinance, and as a result the cost of living for many families there has been materially reduced. The ordinance creating this board, before which cases of alleged overcharging for rents or apartments can be brought for hearing and adjudication, has recently been violently attacked in the courts and it has been pronounced valid.

In Dallas, when renters complain officially, the board begins an investigation of the real value of the property involved, ascertains the owner's valuation upon it for taxes, and then, from these data, it calculates a fair return on the investment at the same time making sufficient allowance for repairs and upkeep. This a fair rental charge for rents or apartments can be brought for hearing and adjudication, has recently been violently attacked in the courts and it has been pronounced valid.

There can be no doubt that many landlords in Los Angeles are charging more than extortionate rents, and it may be that an ordinance like the one in Dallas will soon have to be passed to curb their selfishness.

STOKES ANTHONY BENNETT.

Save the Milk.

SAN FRANCISCO, Jan. 5.—[To the Editor of The Times:] Milk prices are constantly increasing, and we are told there is a 25 per cent shortage in the fresh milk supplies if everyone received his share of this valuable food. Yet over 30,000,000 pounds of milk is annually diverted from human consumption by a false system of utilization. Of

HEAR BUSINESS TAX PROTESTS

Finance Committee Members Get Many Complaints.

Grocers Want Their Payment Reduced by One-half.

Councilmen Promise Changes Whenever Possible.

Representatives of several lines of business, but particularly the retail grocers, were before the Finance Committee of the City Council yesterday afternoon, to protest over the classification given them in the new business license tax ordinance. The grocers held that their tax was twice what it should be.

Messrs. Randall and McPherson, representing the Chamber of Commerce, made statements of the attitude of the chamber, which back the City Council in the present emergency measure.

Eugene D. Williams, an attorney speaking for certain grocers, proposed to contest the ordinance, and urged the members of the Finance Committee to change the classification in regard to the provisions of the ordinance, and that these accounts were printed in all of the daily newspapers.

Members of the Finance Committee admitted frankly their distaste over having put the ordinance into effect, but pointed out that it appears the only move possible if city employees are to be given a living wage. They urged that the business elements of the community give their support to the measure for a three-month period, and that if it is shown that relief can be granted them, the Council will gladly take such action. Councilman Criswell, speaking for the Finance Committee, outlined a plan to try to induce the Board of Supervisors to raise the assessed valuations of city property at the next assessment period, so as to make up the amount equal to that required under the present business tax. Meanwhile a campaign will be undertaken, he said, to educate the public to a point where the present \$1 tax limit for general city purposes can be removed.

AS BOOK-MAKERS.

Charged with having "made books" for the Ascol race, E. L. Carro of 356 South Broadway and B. McNutt of 223 West Third street were taken into custody yesterday by Police Detectives McAfee and Davis. According to the police racing forms and other racing "dope" were seized following the arrests.

SHIPPING BOARD BRANCH NEEDED.

Chamber Acts to Retain Here Office for Emergency Fleet Corporation.

The Chamber of Commerce yesterday telegraphed to Congressmen Osborne and McPherson to continue his fight to retain here the office of the Emergency Fleet Corporation, ordered closed at an early date.

The telegraph from the chamber suggested that he bring to the attention of officials in Washington the growing importance of shipping business here and the difficulties that will result if local interests are to be handled through the San Francisco office.

The board of directors of the chamber will probably take up the matter at a meeting today and plan to aid Congressman Osborne in his fight. He has been protesting to the directors of the corporation against the closing of the office.

WONT ORDER TEST.

Council Takes No Action to Have Motorcues Examined.

The City Council yesterday voted to file the request of the Brotherhood of Locomotive Firemen and Engineers that an ordinance be adopted requiring all operators of street cars and interurban cars to take an examination by a municipal board before being permitted to run such cars.

Councilman Mallard said the request was sent to the Council at the time of the strike in the hope of aiding the strikers, but Councilman Criswell contended that now the strike is over the time is opportune for considering the requirement of such examinations as a matter of public safety. Councilman Farmer urged that the Board of Public Utilities is better able to pass on such rules as may seem necessary, and that the adoption of the ordinance proposed would create a condition of such rigidity that it might prove highly inconvenient at various times when it was deemed desirable to use extra men on the cars.

PHOTOGRAPHY INVENTION.

A. G. Boxell, 1414 Malvern avenue, photographer, was arrested yesterday that he has invented a new recording plate and film holder. All films or plates are numbered before the exposure is made and when the slide is drawn ready for the exposure, the number is photographed on the plate or film at the same time the sitting is made. By this method a correct record is kept of all sittings.

PEN POINT

BY THE STAFF.

After all, that is the way to get the most out of a thing.

That Mexican earthquake did not take full advantage of its opportunity.

Another new theme is being used in Los Angeles. After all, the thing is the thing.

Short skirts may prevent but they are certainly attractive.

Why not turn the heat on the threatened Russian-Mexican invasion?

To your tents oh, you Danes, the Bryan hot wind is blowing in everything but.

Congress is again in session and we shall hear much about getting the investigations.

It costs \$100 for an average of clothes in Germany. But they deserve the hardship.

It is reported that the Klu Klux Klan is coming to this country. Has he asked the permission of the nation?

Wonder if the St. Jackson's greeting of President Wilson will begin: "May I not?"

Forty thousand dollars has been raised for the defense of the dardan leaders, showing the use to which money can be put.

In a recent golf game Harding made two birdies in a course of a round, but a whole flock to get anywhere.

What the Democratic party in this country needs more than anything else is the rest cure country proposes that it be moderated.

Mealy bugs are reported in the local orchards. Are they pests that years ago we used to have? Remember them?

It is enough to make old Baldwin turn over in his grave to give three lousy groans if he heard about the hullabaloo over the pools at Ascot Park.

California again leads all States in the production of corn in the southern tier of counties. Has the temperature which is more than the yellow metal.

When it is possible to raise a million fund of \$400,000 for a public Presidential ticket, it would seem that the nation was able to be split into two camps.

Prince Rupprecht of Bavaria will never surrender to the trial. It may be necessary to send a Pinkerton man to the Prince. And if he starts to h'm.

There is no room in the for the Communists. Let us with which the local Red street are afflicted. They tell us the reign of the bludgeon of the bullet.

In some parts of the where accommodations are the jails are being used for a very honest. Not a jail have they tell us the jail have for the jails after January 15.

There is no good reason story of a man who was a white-slave act about some more than a dozen any newspaper. The word attempt for that sort of a thing.

"Jimmie" Reynolds, one of the best-known men of the national headquarters, was charged of the Coolidge President. It is evident Massachusetts man is a politician.

Col. E. M. House has his Texas home and that falling to call on his old friends. The White House for weeks the colonel was in New York, from illness in New York, thing's wrong.

A committee of six was for the coming San Francisco Convention next Monday. If they are of the committee, there has already been a thing's wrong.

The women of the demand equal representation in the Republican National Convention. If they are of the committee, there has already been a thing's wrong.

All day long in the San Francisco, there has already been a thing's wrong.

Not a moment to stop and rest. Not a moment to stop and rest.

And now, his very own. And now, his very own.

Year in and out it's the same. Year in and out it's the same.

Nothing can be done. Nothing can be done.

Like some old money. Like some old money.

Struggling here and there. Struggling here and there.

Just like a house. Just like a house.

INURED IN GAS EXPLOSION

Wrecked by Blast on Vermont Avenue.

Searching for Leak are Workmen.

Three Men Through Hole in Front Lawn.

Three men were painfully injured when a gas explosion occurred in a house on Vermont avenue, last night.

The explosion occurred at about 11:30 p.m. and was heard in the neighborhood.

The house was owned by a family who had been living in it for several years.

The explosion was caused by a gas leak from a pipe in the front lawn.

The three men who were injured were taken to the hospital.

The house was completely destroyed and the family had to leave.

The explosion was the first of its kind in the neighborhood.

The cause of the explosion is still being investigated.

The house was located on Vermont avenue, between 10th and 11th streets.

ONE-MAN CARS HERE IN APRIL

Company Orders Forty-five for Use on Two City Street Routes.

The new one-man street cars to be used by the Los Angeles Railway Company will be operated on the Temple-street line and the Angeleno-Crown Hill lines, it was learned yesterday.

Three of these cars will be run for each two now being operated, and better service is expected.

The cars were ordered yesterday from the Westinghouse Electric and Manufacturing Company and the American and St. Louis car companies. Each will cost \$7,000, and will be ready for operation some time in April.

The order called for forty-five cars.

At the time of the order, the cars were being built at the Westinghouse Electric and Manufacturing Company's plant in St. Louis.

on Troubled Waters.**

[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, Jan. 7.—A twenty-eight week schedule opening April 8 and closing October 17, but with no games to be played at Portland or Seattle until the third week, was agreed upon tonight by the directors of the Pacific Coast Baseball League.

Salt Lake had opposed opening the season on its own timetable as early as April 6 on account of weather conditions, while Judge W. W. McCredie of Portland and William Klepper of Seattle withdrew from the meeting this afternoon with the declaration that they would resign from the league if games were to be played in their cities on the date, but a compromise was reached on the part of Salt Lake settled all differences.

The schedule committee will meet tomorrow morning to determine when the season will close in Portland and Seattle, and in the afternoon it is hoped the schedule can be formally adopted and other unfinished business completed.

[EXCLUSIVE DISPATCH.]
SAN FRANCISCO, Jan. 7.—Judge McCredie of Portland, who labored with Cal Ewing to save the Coast League in 1918, after the San Francisco Coast League meeting at the St. Francis today, his large frame quivering like a chunk of jelly on a dining car on a mountain road, and right behind him was William H. Klepper, president of the Seattle club, they are the latest members of the conference, and after they left there was an aching void in the assembly-room.

The judge was boiling with indignation. The league directors had apparently adopted the schedule of April 8 and October 17, and in the discard the schedule prepared by the judge, and McCredie and Klepper decided that they would withdraw from the league and organize an independent league up north.

HAVE KICK COMING.
Northern men have a good kick and the men from the far north have a good kick coming on the schedule, too. The schedule calls for twenty-eight weeks, opening March 30 and closing October 17. San Francisco is to open in Seattle April 19 and Los Angeles is to play in Portland the same date. The big kick is that Portland and Seattle are to play in the same city on the same date.

At home because of the rainy season, that has a habit of setting in at that time after since George W. Puget dug the well-known Puget Round.

Last year Salt Lake opened at home April 8 and seven inches of snow had to be scraped off the field to allow the boys to play. The first Sunday game was lost, because the field was fifteen inches of snow on the ground and shovellers were scarce.

HOLLYWOOD HIGH IS
IN FOR WATER POLO.

Hollywood High expects to turn out a strong water polo team, according to Coach Fred Johnson. The captain of the team is Richard Smith, a former swimmer of the Varsity, swimming instructor of the L.A.C.

YANKES AND DODGERS
TO TRAIN IN FLORIDA.

[BY A. P. NIGHT WIRE.]
NEW YORK, Jan. 7.—President Jacob Ruppert of the New York Yankees tonight received word from Harry Sparrow, business manager of the club, who is in Jacksonville, Fla., that an agreement had been signed whereby the New York Yankees and Brooklyn Nationals will train there next spring.

MIDWINTER TENNIS
DATED FOR FEBRUARY.

The Southern California midwinter tennis tourney is scheduled to be held some time in February. The events will comprise men's singles and doubles, women's singles and doubles, mixed doubles, junior singles and doubles and special events for boys and girls.

HOLLYWOOD HIGH
HAS A BIG DAY.

Hollywood High basketball team had a regular test yesterday. The unlimiteds defeated the Gardens five by a score of 38 to 18; the 130-pounders handed a 27-to-18 package to the Gardens lightweights, and the 110-pounders defeated the Huntington Park quintette of the same weight, 18 to 12.

HIGH SCHOOL TEAMS
ARE TO TANGLE TODAY.

The Hollywood and Lincoln High School track teams will tangle today in a sixty-man meet. There will be four events—each of the 120 entrants to participate in all events. The team with the best qualifying marks will be declared the winner.

COACHES ARE ANXIOUS
ABOUT RELAY CARNIVAL.

Southern California high school coaches are on the anxious seat as to the date of the A.A.U. relay carnival. The tentative date is February 21, but some of the proposed events are being held up because the Southern Pacific body has not come forth with a definite announcement.

VIETH TO HAVE CONFAB
WITH HIS PROTEGES.

Vance Vieth of the L.A.A.C. has issued a call for his swimmers to report to him one week from tonight at the club quarters. At that time a little informal discussion will be held, and plans for the 1920 season outlined.

NEW BATTLE IN SHERIFF'S WAR.

Head of Motorcycle Officers is Dismissed.

Countermarch in Fight with the Supervisors.

Over Control of Special Cops and Badges.

Clouds hovered over the city yesterday, as the battle between the supervisors and the sheriff's office continued. The sheriff's office announced that it had summarily dismissed the head of the county motorcycle officers, Capt. W. F. Cannon, for failure to obey orders. The announcement was made by the sheriff, who stated that Cannon had been ordered to disband the motorcycle squad and to report to the sheriff's office. Cannon, however, refused to do so, and instead, he led the squad in a countermarch, riding through the city streets. The supervisors, who are in charge of the city's police force, are opposed to the motorcycle officers, claiming that they are a threat to the peace and order of the city. They also claim that the motorcycle officers are not properly trained and equipped for their duties. The battle between the two groups is expected to continue for some time.

RECENT REDUCTION. The sheriff's office had been head of the motorcycle officers, as the supervisors had been head of the city police force. The supervisors had been head of the city police force, as the sheriff's office had been head of the motorcycle officers. The supervisors had been head of the city police force, as the sheriff's office had been head of the motorcycle officers. The supervisors had been head of the city police force, as the sheriff's office had been head of the motorcycle officers.

Warns Her Against Leap-Year Letters.

Miss Lora Sherman.

"NUDE" FIGURES IN COURT.

Mrs. Kate L. Powelson, who declared that her husband, Arthur R. Powelson, a motion-picture man, caused her mental worry, suffering and discomfort "by reason of his being a confirmed liar," was granted a divorce on the ground of cruelty, by Judge Taft, yesterday. Mrs. Powelson also charged that her husband associated with girls and women unknown to herself and exhibited to the court, through Attorney A. B. Shaw, Jr., photographs of a young woman in the nude. This woman, Mrs. Powelson stated, she did not know. Photographs of Lora Sherman were also exhibits in the case, and "leap-year" letters she was asserted to have written Mr. Powelson were read by the court. Attorneys Guerlin & Guerlin of Pomona were in court representing Miss Sherman, and succeeded in clearing her name of any wrongdoing, the court exonerating her.

GEN. PERSHING ACCEPTS.

Will Be Honor Guest at the Banquet of Merchants' Association.

With Gen. John J. Pershing as guest of honor, and with "Americanism" as the keynote of the evening, the annual banquet of the Merchants' and Manufacturers' Association will be given January 26, at the Alexandria. Gen. Hunter Liggett, commander of the Western Department, U. S. Army, Admiral Hugh Rodman, commander of the Pacific Fleet, and other military celebrities will also be invited as honor guests. The banquet will be an affair of considerable importance, and the city will be proud to have such distinguished guests. The banquet will be held at the Alexandria, and the city will be proud to have such distinguished guests. The banquet will be held at the Alexandria, and the city will be proud to have such distinguished guests.

PREDICTS FAILURE OF SINN FEIN MOVEMENT.

LECTURER FINDS PROPHECY IN "PLAYBOY" DEALING WITH RECENT UPRIISING. "Sinn Fein," meaning "ourselves alone," that stands for enmity to England and the disruption of the British empire is doomed to failure and will prove a curse to Ireland. Sinn Fein that stands for noble liberty of a people now oppressed by superstition and ecclesiastical bigotry, glorying in its independent unity with the empire, and serving the peace and harmony of mankind will ultimately glorify Ireland and add lustre to British power. This was the message that Dr. Henry Frank of San Francisco, now delivering lectures on the drama under the auspices of the Church of the People, said he discerned in the curious Irish drama, "The Playboy of the Western World," by J. M. Synge. The lecture was delivered to a large audience in Blanchard Hall.

BIG POULTRY SHOW OPENS.

The fifteenth annual exhibit of the Poultry Breeders' Association of Southern California opened yesterday morning at 241 South Broadway with the largest and what is declared to be the finest exhibition of chickens ever shown in this section of California. Nearly 1200 birds are on exhibition, representing, for the most part, prize winners from all sections of the State. Many of the chickens have won first prize at the more recent poultry shows. Judging of the birds started at noon yesterday and will be completed today. The judges are Judge McCord of Illinois and Earl Smiley of Nebraska, both of whom are known nationally as experts on poultry. According to men familiar with poultry exhibits the Cornish and

READY FOR PRICE INQUIRY.

A two-hour conference was held yesterday by the recently-appointed Federal Fair Price Committee, headed by John G. Mott, with U. S. Attorney O'Connor at the Federal Building. Those present were Richard Lacey, R. W. Pridham and William Chamberlain. William May Garland was absent. At the conclusion of the conference, it was announced that only the preliminary work was discussed, as it was the first meeting since the appointment of the committee, and it is necessary to build from the ground up. The statement was made that the first thing in order will be the selection of an executive secretary and stenographer, and this will be followed by the determination of where the meetings of the committee should be held. If possible, a room in the Federal Building will be set aside for the committee. It is expected that another meeting will be held this afternoon, but where or whether it will take place at all was uncertain last evening. Mr. O'Connor is waiting for certain information from San Francisco, in relation to the work before the committee, and it may be necessary to delay the second meeting. In filing a statement required by a recent city ordinance as to food commodities in cold storage, the Merchants' Ice and Cold Storage Company yesterday wrote: "We are pleased of this opportunity, if it will help to reduce the present high cost of living, or keep it from going higher, to assist the market superintendent in his investigations, and to assure you that we, as a public utility, have nothing to conceal, and that our records and plant are open for inspection by proper public officials at all times." The report of the concern shows food commodities in storage on January 1, as follows: Butter, 16,053 pounds; eggs, 2591 cases; cheese, 170,196 pounds; fruit, 54,953 pounds; apples, 43,480 boxes; poultry, 144,180 pounds; onions, 207,081 pounds; fish, 23,150 pounds; miscellaneous food products, 5766 pounds. The concern invites the City Council to visit its plant, and says such a visit "will enable you to see how, with the methods we follow, it would be impossible for anyone to hoard goods and get away with it."

"H-O certainly is good!"

Double-toasting brings out that delicious nut-like flavor in H-O Oat-Food

"I couldn't make ordinary 'rolled oats' taste as good as H-O."
"Because if I cooked 'rolled oats' long enough to make them digestible there wouldn't be any taste left."
"Notice how your dish of H-O 'heaps up' instead of being a soggy, 'slippery' mass like the 'rolled oats' we used to have."
"The secret is all in the wonderful H-O process."

Steam-cooking makes H-O perfectly digestible

H-O is toasted for hours and hours at the mills, just to bring out that delicious flavor. You can tell that it is toasted if you pick a few flakes out of the box—and look at them—and smell them. Steam-cooking makes H-O light and flaky and digestible. Ordinary "rolled oats" are usually heavy and soggy—because they are seldom cooked as well as they should be. In fact, many people are ruining their digestions by eating raw oats without realizing it. H-O is the safe oat-food. And why should I take the trouble to cook ordinary "rolled oats" when steam-cooked, double-toasted H-O, is almost ready to serve?

How H-O cuts your living cost

Enough for breakfast—costs but a fraction of a cent and nourishes more than eggs, bacon or steak. And there are many toothsome—economical—ways to serve H-O, such as:

- H-O Cookies
- H-O Bread
- H-O Omelette
- H-O Cakes
- H-O Pancakes
- H-O Puddings
- H-O Soups
- H-O Stews
- H-O Tapioca
- H-O Turnovers
- H-O Waffles
- H-O Yogurt
- H-O Zucchini

(Books of recipes mailed on request.)

The H-O Mills, Buffalo, N. Y.

H-O needs less than is the cooking that ordinary rolled oats require. Every package of H-O is absolutely guaranteed by us. The H-O Mills, Buffalo, N. Y.

The steam-cooked and double-toasted oat-food

NURSE FREED AFTER HEARING ON CHARGE.

Holding that there was not sufficient evidence to show that an illegal operation was performed by Mrs. Sarah J. Williams, a nurse, accused of the murder of Lucille Margaret Hall, the charge against the defendant was dismissed yesterday by Justice Hinchey. The girl's death occurred on December 4.

INCORPORATION.

Beales-Kimball Company, Incorporated, L. C. Kimball, Jr., George F. Beales, Irene S. Kimball, capital stock, \$50,000; subscribed, \$15.

These 63 processes are the secret of H-O flavor and food value...

1. Preliminary selection of oats—All but highest grades rejected.
2. Of these high-grade oats, only the best are selected—those as to weight, color, strength and quality.
3. Selected oats go through receiving apparatus, which separates out any chaff or dust blown out by air blast.
4. Additional cleaning by elevators.
5. Cleaned by air action on way to elevator.
6. In elevator—another cleaning process.
7. Through "air-blast" separator, which blows out chaff and dust again.
8. Again reduced over 1/8" sieve.
9. Another sifting over 1/8" sieve.
10. Cleaned again over 1/8" sieve.
11. In elevator—another cleaning process.
12. Further cleaning by elevators.
13. Again cleaned over 1/8" sieve.
14. Further reduced over 1/8" sieve.
15. Fine dust removed by 1/8" sieve.
16. Air-blast cleans again.
17. Another air-blast cleaning.
18. Cleaned again over 1/8" sieve.
19. Another 1/8" sieve further.
20. Fine sifting (1/8" sieve).
21. Reduced again by air blast.
22. Whirled in cyclone (called "air-blast") to remove "tail" dust.
23. Operation repeated to remove "tail" dust.
24. Repeated again to remove foreign grains (wheat or barley).
25. Selection of oats now perfect for milling.
26. Steam-cooked in "gravity" remover.
27. Gravity belt grinder removes foreign matter.
28. Another gravity belt grinder.
29. Oats placed in Dry Kiln over heat "driven" out.
30. Toasted in Dry Kiln (temperature 200° F.) to a brown color and crisp.
31. Agitated in Dry Kiln to break up clumps.
32. Air-blast removes dust and chaff by blowing.
33. Cleaned by air blast.
34. Further cleaning by air blast.
35. Another purifying air-blast.
36. Still another air-blast.
37. Air-blast removes last particles of dust.
38. Final grade separator long, medium and short oats (each once milled separately).
39. Perfect oats go to hulling.
40. Jackets of hulls removed between times receiving.
41. Whirled in "Hempson Roll" covered with wire cloth to remove fine material.
42. Air-blast removes remaining hulls.
43. Additional air-blast to remove dust from milling.
44. Another cleaning by elevators.
45. Another elevator further cleaning.
46. Still another elevator further cleaning.
47. Another air-blast to remove dust.
48. Gravity machine removes few unshelled oats.
49. Second gravity machine for same purpose.
50. Third gravity machine removes last trace of unshelled oats.
51. Unshelled oats sent back to hulling machine.
52. Remaining perfect oat-hulls automatically weighed.
53. Into steam cookers.
54. Live steam under 20 lbs. pressure expels every starch cell.
55. Toasted by hot air (200° F.) from "Hempson" roll fans.
56. Cooled by air-blast.
57. Quick steam-bath to kill per (infectious) oats.
58. Rolled into duty flake between steel rollers.
59. Automatically weighed.
60. Automatically placed in box.
61. Box automatically sealed.
62. Sealed boxes dried and stored in bins at 60° F.
63. "Steam-cooked" and "Double-toasted."

The Times First Financial and Market Page

DAILY TRADE TALK.

Market Conditions; National Bank Call; Beef Going Up.

BY CHAPIN HALL.

Not until Americans as individuals cut down the present extravagant rate of consumption and unite to increase production will the existing unstable market conditions be remedied, the National Bank of Commerce in New York declares in its market letter in the January issue of its magazine, Commerce Monthly. It adds that, although the reaction after the tension of war was much less violent in the United States than in any other combatant country, after the recovery of the first few months all that can be said is that industry has been in a lull.

"Only by decreased consumption and by increased production can a balance be reached at reasonable prices between supply and demand. Until such application is made, commercial activity will inevitably proceed at a rate out of proportion to the physical volume of production, and the present unstable situation will continue."

"The volume of wholesale and retail trade, measured in terms of prices, continues at a remarkable level, and is plainly outstripping production. Dealers all bear witness to the steady depletion of stocks which manufacturers assert they cannot replace because of shortage of raw materials, and scarcity and restlessness of labor."

"Cotton and wool manufacturers, as measured by consumption of raw materials, have not kept pace with domestic and foreign demand. This is ascribed to the shortening of working hours, an inadequate supply of machinery, labor shortage and inclination on the part of such labor as has been available to work only part time because of the high wages paid."

"Requirements for funds from commercial and industrial enterprises, normally heavy at this season, are this year abnormally large. The government, moreover, has renewed its borrowings in the money market by additional offerings of certificates of indebtedness. In addition to the European countries, there has been superimposed a tremendous volume of credit extended against exports to Europe."

"The immediate cause of the demoralized fall of the exchanges has been the dumping of a heavy volume of bills, particularly cotton and grain bills, on the market. The severe decline of stock exchange prices reflects not simply the adverse trade position of the United Kingdom itself, but in addition the carrying of a good portion of the entire floating indebtedness of the entire European countries to the United States."

A Growing Business. The Templeton School District \$125,000 issue of 6 per cent. bonds, advertised the following premium bids:

Stranburg... \$122.00
Shepherd... 121.50
Freeman, Smith & Camp... 121.00
Frank & Lewis... 120.00
Griffin & Miller... 119.50
R. H. Moulton & Co... 118.00

Another New Record. The Los Angeles Clearinghouse established another new record yesterday, when the total business passing through the financial gateway reached \$14,524,411.43, the largest in the history of the city. The previous high record was made November 12, 1919, when the total was \$13,592,592.

The Stock Market. There was an important movement in Associated Oil yesterday, which made it the most active trader on the local exchange. From a close of \$120 on Tuesday the stock opened with sales at \$121 and through brisk trading during the morning session advanced to a midday price of \$123.50. In the afternoon there was another rush of buying, and under this stimulus there was a continued advance until

LOCAL STOCK EXCHANGE.

Table with 3 columns: Stock Name, Price, and Change. Includes entries for Associated Oil, Liberty Bonds, and various local stocks.

GOOD PRODUCE MEETS WITH ACTIVE DEMAND.

LETTUCE, CAULIFLOWER AND POTATOES SELL ON RISING PRICES.

A firm tone prevailed on the local produce market yesterday, all offerings meeting with a ready demand. Arrivals from the country, which were small in quantity, averaged very good as to quality, and under the influence of the brisk buying, moved into the hands of the retailers and peddlers early in the forenoon, with the result that the closing hours of the day's trading found practically all of the country offerings disposed of. The feature which characterized yesterday's market was the advancing prices of the market leaders. The improved trend was marked throughout the entire day, and the demand from outside buyers has become more active, resulting in sharp competition for good produce. Lettuce, cauliflower and potatoes were the most active, with the latter showing a very good demand, even up to 15 cents per crate. Cauliflower prices advanced from 10 to 12 cents, while the price for lettuce advanced from 8 to 10 cents. Potatoes were sold at 10 cents per bushel, with a very good demand, even up to 15 cents per crate. The price for cauliflower advanced from 10 to 12 cents, while the price for lettuce advanced from 8 to 10 cents. Potatoes were sold at 10 cents per bushel, with a very good demand, even up to 15 cents per crate.

LIBERTY BONDS.

Table with 3 columns: Bond Name, Price, and Change. Includes entries for various Liberty Bonds.

SHORT TIME NOTES YIELDING 6 1/2%

San Diego Consolidated Gas and Electric Company 6% Debentures

Dated Dec. 1, 1912. Due Dec. 1, 1922.

Total Outstanding \$839,000. Value of Stock Equity in excess of \$4,500,000.

\$900,000 7% Preferred—Market value \$100 per share. \$2,955,000 Common Stock paying 10%, Valued at \$125 per share.

These notes are the direct obligation of a long established California corporation exclusively serving both electricity and gas to an estimated population of 100,000 located in and around San Diego County. Successful record under single management for over fourteen years. Net earnings based on rates fixed by Railroad Commission, more than 2 1/2 times all interest charges for past five years.

We Recommend These Notes for Investment. Price 98—Yielding 6 1/2%.

DEPUTY REGISTRARS REPORT DIFFICULTIES

OVERSEASERS HELP IN CONDUCTING WORK, BUT LATTER VOTERS IS SLIGHTED.

Consolidated reports of the deputy registrars in Los Angeles county registration districts are being received by the state registrar, according to D. E. Lyons, registrar of voters. Mr. Lyons said yesterday that, largely because of the difficulty given the census takers by the voters in the city—fall they do not need to help the registration.

It was pointed out that the census takers are sent out to take registration, but that they are not sent out to take the census. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

Mr. Lyons also pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration. This practice is followed in the city, and it is pointed out that the census takers are sent out to take the census, but that they are not sent out to take the registration.

JANUARY SAVINGS

The Responsibility Behind Mortgage Guarantees
Investment and Savings Service

The Mortgage Guaranty Company is an affiliation of approximately three hundred of the ablest, most experienced financiers, bankers, manufacturers and merchants in the West. It was formed to place mortgage investments, in large and small amounts, upon a guaranteed basis, and to afford the investor, either large or small, an absolutely safe place for his savings at a good rate of interest.

The Mortgage Guaranty Company is capitalized at \$2,500,000, (every dollar paid in) to which has been added, in surplus and undivided profit, approximately \$300,000. It is the largest, exclusive Mortgage Guaranty Company within the United States, and outside of the City of New York.

5 1/2% interest paid semi-annually
upon \$100, or any multiple thereof

Every known safe-guard is thrown around our Guaranteed First Mortgage obligations. They are approved by the State of California for the investment of the funds of Savings Banks, Trust Companies, Insurance Companies, and for deposit with the State of California for the faithful performance of trusts.

The Times Second Financial and Market Page

NEW YORK STOCK EXCHANGE FINANCIAL AND TRADE REVIEW.

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 7.—Stock dealings were visibly restrained today, presumably as a result of information conveyed to banking interests yesterday by the Federal Reserve Board. This was less apparent in the trend of prices than in the market's extreme inactivity. Banks and other lenders of money reported little inquiry for call loans, which were freely offered at 7 per cent, establishing yet another low record for such accommodations since the November reaction, but the supply funds are altogether meagre.

General news included the reviews of authorities in the steel and iron industry, renewed emphasis being placed on the prospective demands of the railways for new construction and equipment. Further large orders for copper attracted in the metal trade.

Steel, shipping, copper and a few familiar specialties such as American Woolen, Industrial Alcohol, Endicott Johnson and many others contributed to the stronger side of the market, while motors, oils and rails represented the dull and irregular features. Sales amounted to \$90,000 shares.
